

Las Cruces and the Mesilla Valley

AN OLD FASHIONED
EVENT IS PLANNED

Agricultural College, N. M., Nov. 30.—The Agricultural club will entertain Friday night with an old-fashioned quilting bee, a corn husking and a barn dance. The affair is to have come off some time ago, but was delayed in order to have all of its members partake in the festivities. Dancing, games and refreshments will be some of the good things of the evening.

Football is over and basketball will take its place. Over a dozen boys have signified that they are going to practice to make the boys' basketball team. Nearly every member of last year's team is here. Coach Badenoch called a number of the boys together and told them some of his plans for the remainder of the year. He stated that he wished class basketball teams to compete with each other for a while and from them would be taken the regular team. He also expects to have a class of boys in cross country running, so that they can get in good shape for track athletics in the spring.

Miss Fanny Ford entertained a number of friends at games and cards at her home on the Pecos.

Orrick Metcalfe and Harry Parks have been spending several weeks in trapping wild animals west of Mesilla. They made one trip 30 miles west to "The Hole in the Ground," where they trapped several wildcats, coyotes and skunks. They have trapped quite a number of wildcats, coyotes, badgers, skunks and one prairie fox.

C. T. Turney, of Mesilla, is preparing some of his land for replanting near his home.

MOUNTAIN LIONS
KILLING CATTLE

Las Cruces, N. M., Nov. 30.—Reports from the Walton ranch, about 15 miles northeast of Las Cruces, in the San Andres mountains, state that there are several mountain lions lurking in the mountains there and that quite a number of calves and sheep have been killed by them during the past few days.

The animals have been repeatedly seen by the stockmen and cowboys, but always at a distance, and they make their escape into the mountain fastnesses before the men can get within rifle range of them. However, a determined effort is being made to hunt them down, and it is believed that action being necessary in order to stop the loss of stock.

Las Cruces, N. M., Nov. 30.—The funeral of J. C. Van Dyke, of Fort Sumner, N. M., who died in El Paso Sunday, was held at Berno, internment taking place there, where his mother is buried. Mr. Van Dyke served through the Anglo-Boer war with his uncle, Gen. B. J. Viljoen, and was captured by the British forces at Lydenburg. After the close of the war he was taken to Bermuda and there exiled for 18 months by the British authorities. He immediately came to America and located in this territory, where he has remained ever since, engaged in farming.

Heinemann, Kitty Bennett and Frank Lucero, and Clarita Aracate and Will P. LaPoint.

WATER USERS TO MEET
AND MAKE NEW CONTRACT.

Las Cruces, N. M., Nov. 30.—The regular meeting of the Elephant Butte Water Users' association, which was to have been held on Monday, December 5, has been postponed until Saturday, December 10, on account of the fact that the annual election for commissioners of the community ditches will be held on the first date.

At this meeting of the association the question of the new contract for the year 1911 with the government on account of the Leasburg diversion dam will be taken up, and other important matters will be attended to.

LAS CRUCES PERSONALS
AND MINOR HAPPENINGS

The public schools and the Agricultural college have resumed work after the Thanksgiving vacation.

DISCING ALFALFA.

Las Cruces, N. M., Nov. 30.—A number of the large land owners in the Mesilla valley are this winter experimenting with discs on their alfalfa fields. The United States department of agriculture has recommended the discing of alfalfa, especially upon old stands, claiming that winter discing helps to spread the plant by cutting the crown, and that the practice also tends to better the soil and to conserve the moisture. The farmers here who are trying it this winter are discing a part of the land and leaving the balance untouched, and will keep notes on the yields of the two portions in order to determine whether or not the plan has any good effect and to what extent the benefit is.

NEW SIDEWALK BEING LAID.

Las Cruces, N. M., Nov. 30.—A concrete sidewalk is being laid on the north side of Water street, between Main and Church streets, along the property owned by Martin Lohman. This is an improvement that has been badly needed.

DITCH ELECTIONS
IN UPPER VALLEY

Las Cruces, N. M., Nov. 30.—The annual election for ditch commissioners and major-domos, which will be held next Monday, will not cause much excitement in the lower districts, as on two of the ditches there will be only one ticket and no contest. On the La Mesa ditch the only ticket in the field is F. White, J. Cochran and S. Olivarez for major-domos, and Panchito Salas for major-domo.

On the Chamberino ditch, there is only one ticket in the field, composed of Will Mundy, Ildelfonso Lopez and Jose Barajas.

The elections on the Dona Ana and Las Cruces community ditches are going to be warm affairs, the interest waxing greater as the time for voting approaches.

On the Mesilla ditch the election will not be so interesting on account of the fact that there is no fight over the ticket.

a little just as soon as you can. There will be no sour risings, no belching of undigested food mixed with acid, no stomach gas or heartburn, fullness or heavy feeling in the stomach, Nausea, Debilitating Headaches, Dizziness or intestinal griping. This will all go, and, besides, there will be no sour food left over in the stomach to poison your breath with nauseous odors.

Pape's Diapiesin is a certain cure for out-of-order stomachs, because it prevents fermentation and takes hold of your food and digests it just the same as if your stomach wasn't there. Relief in five minutes from all stomach misery at any drug store, waiting for you.

You hear people of the west in mercantile, industrial, artistic and scientific pursuits saying, "If we were only in Chicago we could get this or do that." In Chicago you hear people say, "If we were only in New York." When you are in New York you hear them say, "If we were in London or Paris." Chicago, New York, London or Paris are simply the results of their citizens taking the material at hand and doing the best they could with it. Just as you can do.
